

Garfield Math Course Offerings 2019-2020

General Notes:

- 1. All Classes are year-long (Geometry A/Geometry B)
- 2. Freshmen enter at various course levels from 8th grade and progress from there.
- 3. Rising 9th graders should register for the next course in the sequence unless discussed with current 8th grade teacher. Algebra follows Math 8.
- 4. Students must earn 3 credits (6 semesters) of math credit regardless of where they begin.
- 5. Algebra 2 is the minimum level of completion for graduation.
- 6. Students in honors/regular stay in the same level unless they plan to change with their current teacher.
- 7. An additional course (Bridge to College) will be offered for seniors as an alternative to passing the state testing graduation requirement.
