

Garfield Science Course Offerings 2019 - 2020

General Notes:

- Rightward-pointing arrows represent prerequisites.
- Vertical arrows (in the last column) suggest that students can move from/to these classes as long as other prerequisites are met.

Footnotes:

1. This class will no longer be offered starting in the fall of 2019. It is only depicted in this chart to show students currently in chemistry their options following this course. Students currently enrolled in chemistry will not be required to take Physics B / Chemistry B.
2. This class is being offered for the first time in the fall of 2019. Physics B / Chemistry B will have an honors option that will be made available during the first two weeks of the semester.
3. This course is what used to be called Physics A / B.
4. Must be successfully through **algebra II** or higher
5. Must be either through **AP calculus (A/B)** or concurrently enrolled in AP calculus (A/B)

Incoming 9th Graders:

- All incoming 9th graders (except HCC students) will be enrolled in Phys A / Chem A as 9th graders.
- HCC students, having taken Phys A / Chem A and Honors Biology in middle school, will be enrolled Phys B / Chem B as 9th graders.
